A HOUSE OF ALUMINIUM UTENSILS

## Company Profile

The Establishment of **Unicorn Metal Industries** has been preceded by experience of over 65 years in the business of Aluminium Utensils.

We started in Year 1946 when founder of our company **Shri Vallabhdas Mavji Thacker**, started a small retail shop "Vallabhdas Brothers" at Kolkata, India. By 1980's, we emerged as one of the biggest wholesaler of eastern part of India. To expand and capture the western part of country, we started our Trading Unit "**Vallabhdas & Sons**" at Ahmedabad in Year 1987. Today, Shri Vallabhdas Thacker's Children and Grand Children run this family venture and cater to demand of Aluminium Utensils all over India.

To enlarge the scope of our business and to serve our customers with better quality product, we started "**Unicorn Metal Industries**" for manufacturing of Aluminium Utensils and to cater export demand.

Our product has a wide and accepted market in all states of India, Dubai, Saudi Arabia, Muscat, Utopia and West African Countries and Gulf Countries.

We believe that Success of Business is more in Sustaining Customers along with Creating Customers. We have been loyal in our Standards, Pricing and Quality to earn the Loyalty of Customers since Decades.

Our Below 5 support strengths helps us drive high standard to serve our customers better:-

- Sound Infrastructural Base
- Trusted Vendor Base
- High Quality Control Standards
- Warehousing and Packaging
- High Business Ethics

We welcome you to the House of Unicorn Metal Industries and hope to see you as our Working Partner.

**Warm Regards,**  
UNICORN METAL INDUSTRIES
